## Customer Reviews

I'm so glad to come across with this set. I love Asian cuisine, cooking favorite dishes and exploring new ones is so special, particularly I felt this about Asian dishes, so many components and unknown spices are there to create unusual flavor and unforgettable taste. Chinese, Korean and Indian dishes are here to try, I like the way each recipe is introduced, plus teasing photos of each dish. Indian cuisine is marvelous, but I've been afraid of spending lots of time in the kitchen, cooking in crockpot makes it easier and without stress. Indian dishes in slowcooker is a good solution for busy people. Ah, can't wait to try as many as possible!

Chinese is one of my all time favorite cuisine. Identifying the spices while cooking Chinese was my major concern. Now I'm getting to know many of their recipes and the right spice to be used. I tried Ramen veg stir noodles and it was tasty. I liked the information regarding all kind of sauces recipes and seasonings. Planning to try out chicken lettuce wraps and Swiss Roll which sounds yummy! hope that comes out the same way as in the picture. I realized that Indian recipes are not as complicated as I thought. Can't wait to try them all...
