Customer Reviews

This is an excellent reference book! It is in black and white with some pictures and a decent price list. The best thing about this book is the broad range of porcelain manufacturers listed and the histories, other references and collecting hints. Items are listed with good descriptions and price list. It also contains marks. It lists individual manufacturers and also gives histories on manufacturing areas. Altogether a very good book and valuable to porcelain collectors!

This is a great book! A must have!! All the books by authors Susan and Al Bagdade are excellent.
