With photographs and descriptions of more than four hundred knives, readers are treated to product highlights from major manufacturers and custom knife makers. Information inside includes: Detailed specifications and prices; Tips for buyers and collectors; Knife anatomy; Knives for self defense; Legal knowledge for every knife owner; Accessories and sharpeners; And much more! In this second edition, author Roger Eckstine updates all the listings and discusses current trends in the knife market, including new metals and manufacturers. When it comes to knives, this book is the source for the products and the passion. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.
