Customer Reviews

When I purchased this Guide there was nothing said about it being available only in the cloud. I bought the Kindle for my wife, so when I downloaded it I wanted to make print copy to give to her. It will NOT print--just get blank pages. So, I am stuck with telling my wife that if she wants to use the Guide she has to use my computer and can only read it on the computer. If I knew this up front I wouldn't have bought this guide.

What this little ebook covers for the Kindle Paperwhite is informative, helpful, and clear. However, I thought that something named "the ultimate user guide" should be extensive in its coverage, and

this ebook is not (a fact mentioned only in the Conclusion on the last page of the ebook). I really wanted a complete discussion of setting up Collections and keeping them synchronized between multiple versions of Kindle reading software on different devices. Collections are not mentioned here at all, among other things. But it is good for what it has.

since my first generation glass shattered while traveling. while I like the paperwhite (due to the back lighting), I do miss my 1st generation with the actual keyboard (I have big fingers). anyways, when I got the new paperwhite it didn't have any instructions with it, so I bought this. for what it is, it's ok.

The Kindle Paperwhite user's manual is well written and answers a lot of questions that we tech challenged people have. I would recommend it for any user that is at all unsure of how to handle their device.

Poor, I thought I was getting much more. Lacked explaining many other features I was left with having as many questions as when I started.

I could figure out everything in this without the 4 page booklet. I expected REAL help. Waste of time and/or money.

Short. Does not address key issues. Should be a Freebie. I just deleted it as a worthless use of bytes

No particular reason for choosing this manual but have found it very easy to read and it has taught me a lot. Quite happy with it. Difficult to rate as it is a one of purchase but believe four is warranted.
