Machine Made And Contemporary Marbles (Grist's, Everett//Machine-Made And Contemporary Marbles)

Synopsis

In this book, the machine-made marbles have been divided into two groups, early machine-made marbles (1900 to 1925) and automatic machine-made marbles (1925 to present). Included are nearly 100 full-color photos portraying thousands of marbles, complete descriptions for all marbles featured, and updated values.

Product Dimensions: 8.4 x 5.5 x 0.3 inches

Shipping Weight: 8.3 ounces

Average Customer Review: 3.4 out of 5 stars [See all reviews](#) (5 customer reviews)

Best Sellers Rank: #1,503,546 in Books (See Top 100 in Books) #17 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Marbles](#) #359 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Houseware & Dining > Glass & Glassware](#) #371 in [Books > Crafts, Hobbies & Home > Antiques & Collectibles > Dolls, Toys & Figurines > Toys](#)

Customer Reviews

From the number of pages, I didn't expect this to be a book that would be very comprehensive. Yet even as a basic start I was disappointed. The entire book is a series of color plates, each showing many marbles. These photos are truly beautiful and show a nice range of marbles. However, I found it of little use in identifying marbles I had. It was much too incomplete. The book could have been grouped by manufacturer, which would have helped some. There is a price guide for each plate in the back of the book. However, there is no indication for what size marble the price applies, and as marble collectors know, size matters. For some plates only ranges were given for all the marbles pictured, instead of giving individual prices. These ranges were wide enough to not be of much help when trying to appraise a marble's value. The photos have little text to go with them, which would have been helpful to help novices learn the differences between types of marbles. Buy it for the pretty pictures, but don't expect much from it.

Hi:Book l'ts Missing Pages,The Cover is bend,Also Pages Are Disconnecting From The Spinning (the back part that hold pages Together) It's Falling Apart.I Deserves Another Book.Why's so Much For Shipping.It's Only Media.Thanks

This book didn't meet my expectations. It has some decent photos, but most are blurry. Not a good book to be used for marble identification, and generally contains information available elsewhere.

great guide for new bees like me into marbles.

what can I say...as advertized
