Podcasting Like A Pro With GarageBand '11 (The Down & Dirty Series): Configuring GarageBand '11 For Advanced Podcast Recording And Universal Production Techniques For Other Platforms.

Synopsis

Learn to create professionally produced podcasts in GarageBand '11 that set you apart. Included is the recording of live Skype calls and playing other audio files directly into GarageBand without additional hardware. Set up for live monitoring, use of EQ and compression as well as ducking to create a polished production and more. The specific design of this book is to be concise and to avoid unnecessary repetition of basic and commonly available methods and information, to omit unnecessary technical jargon, concentrating instead upon the essentials needed to produce clean and professional podcast. A working knowledge of common audio application procedures is assumed (copy, cut, paste, etc.). This book covers GarageBand '11 specifically.
