My wife spotted this pairing quite in a winery in Napa Valley and we decided to check out for a better price. Glad we did and we got a very useful guide to boot! We've tried several pairings that we probably wouldn't have used in the past and they have almost all worked out surprisingly well. There were several that we did not care for but you be the judge when you buy your own guide.

Max McCalman is truly a master! This book is not only packed with delicious information but it motivates me to sample and pair wines and cheeses. He is spot on with his suggestions and makes learning an adventurous experience.

I gave a gift of one to my local Italian deli and they were thrilled with it. It's fun to try different pairs of wine and cheese.

Good choice. Recommend it to those that enjoy wine and cheese. Easy to use. Lots of information. 5 stars from me.

I gave this as a gift, paired with a nice bottle of wine. The recipient raved about it. She absolutely loved it!

i gifted this to my mom who is really new to this type of thing, and now she is hosting little wine partys.
