Synopsis

Age Level: 9 - 12 | Grade Level: 4th and up My name is Brody Valentine (please don't make fun of my last name), and this is the story of how I accidentally became a 6th grade secret agent at my school. My life is plain and boring, but I do my best to keep it that way. That's why when a dangerous secret fell into my lap, I wasn't exactly jumping for joy. Everything I knew to be true was completely flipped around and suddenly I've found myself buried in special codes and conspiracies. Now I'm being hunted after because my brain knows a secret so huge your head would explode if you heard it. Secret Agent 6th Grader is a hilarious adventure for children ages 9-12.

This is a fun series. My ten-year-old has really enjoyed the story - it's campy, but lots of fun, and well written for fifth to sixth grade readers, and perhaps even some fourth graders.

I got this eBook for my oldest who just entered 6th grade and who doesn't always like to read on his own. We got this near the end of summer when he had a break from sports & camps, so he was extremely bored and complaining of having nothing to do. I read it quickly as well & it was a fun read :) There are parts that are kind of cheesy, but it's a book geared towards 6th graders, so I didn't mind too much. My son thought it was a great read- fun & exciting. There are definitely parts of this book that are suspenseful and keep the reader engaged, which was PERFECT for him. The ending was really good and it definitely made him want to read the rest of the series. Highly recommend this to anyone with a middle schooler! :)

Speaking as a 3rd grader who loves mysteries and funny things...this was one of the best books I ever read.

I chose to give Secret Agent 6th Grader by Marcus Emerson, Noah Child 5 Stars because it was absolutely excellent. There was suspense and mystery, yet all in the excitement of A: the ninja secret agent theme and B: a book! I would recommend this to anyone from 3rd to 8th grade. I got this book the summer before 6th grade and it made me think that I can help the school even as the "newbie" I love it!!!!

My son is a voracious reader and devoured this book happily. The other books by the author, 6th Grade Ninja series, are also good.

I liked this book a lot. I really think Marcus Emerson is a great author and has done well on both this book and the 6th grade ninja series, which I have also read. Overall, I liked the book a lot.

Awesome book! Weird fact about me.... I tend to have crushes on cartoons. I know the pictures were drawn in black and white, but Linus looks kinda... well.... cute...

He read this first in the series and said it was OK, while he loves the Ninja series by the same author. I read both and think this series was more interesting and varied, but of course parents are not the target audience! It's set in the same school as the Ninja series and has some overlapping characters, which helps tie the series together. I'm hoping he'll want to read the rest of this series after he finished all 7 Ninja books.
