Customer Reviews

Easy to make and theyâ™re great at the same time. How does it work? Well for now weâ™ll just tell you that these meals are some of the easiest things youâ™ll ever make in your life and they are also really good. All youâ™re going to need is a few simple ingredients. This book you will learn how to cook a delicious Amish breakfast, a hearty lunch, an amazing dinner, and delectable, yet quaint, dessert.

The Amish are admired for their simple lives, their intricate quilts, their bold faith, and especially their homemade meals. Straight from the heart of Amish country, this new collection of hearty, wholesome recipes will remind you of the pleasures of the family table. The recipes are easy to

prepare. Each section has something for everyone from simple to hearty recipes. I also enjoyed just reading through this book.

Trying out the Amish diet to discover their unique practises even in what they eat. The book has the necessary recipes for beginners like me to kick-start my cooking curiosity as I discover new ways to make the recipes tasty. It has some nice soup as my favorite dish and hope to kix with my usual mediterranean Dish.

I love Amish recipes. They are hard working farm people who live on the good home grown ingredients, mostly from their farms. I find that these recipes are for experienced bakers and cooks. I have enjoyed a number of Amish recipe books and although this one is relatively short compared to my hardback Amish recipe books.

The recipes and selection in the book are fabulous. Recipes are descriptive; some Amish or mennonite recipe books are written in a way only they can understand but this is written in a way a layman can understand. Has a miscellaneous section to make your own bisquick mix and onion soup mix and recipe fire Amish friendship bread! I'm definitely narrowing down my recipe books to this

Happy with my new meal delights, especially Iâ™ after mug meals: quick, tasty and easy plus healthy options to choose. I find that these recipes are for experienced bakers and cooks. They don't give adequate instructions for less experienced cooks. The ingredients are easy to obtain. The language is not always understandable.
