Muffin Recipes From Scratch (Grama G's Top Homemade Recipes From Scratch Book 5)

Synopsis

Yummy Homemade Muffin Recipes From Scratch! For years my friends have been asking for my dessert recipes, not all my personal recipes, but certain ones in particular, my grandma's recipes from her dessert cookbook! I've always joked that they were top secret! Truth was, that everyone loved them so much, I wanted them to remain the special treat that only I could take credit for at our get togethers! The best way to describe these delicious muffin recipes from scratch found in my grandma's cake cookbook is to have you recall how a specific aroma or taste can take you back in time to a special memory, well that's what these muffin recipes do. They just give you a warm fuzzy feeling of comfort and down home goodness! The following muffin recipes from scratch have been handed down through four generations of home baking. From our home to yours, I'm sharing our long standing family favorite recipes transcribed directly from the original handwritten cookbook that my mom received from her mom. These muffins are quick and easy to make and are great for simple lunch treats!

Customer Reviews

If you love muffins this book is a must have! My family loves fresh muffins, they barely last the day.

Have tried several of these and they are all scrumptious. First book I go to when in the mood to bake.

Muffin Recipes from Scratch (Grama G's Top Homemade Recipes From Scratch Book 5) Good scratch recipes with no pictures and no nutritional information. I think you could make some of these with a healthy butter/margarine substitution using olive or canola oil instead. No serving size indicated. Like the flavor combinations suggested. Bonus recipe and other works by the author are highlighted at the end.

I really love this grouping of muffin recipes. I have tried two recipes so far and my family thinks they are delicious! Yummy is more the word and they give you the good old home made feeling like Grandma used to bake.

Wow what an experience with muffins. I really like healthy muffins. I suggest this book for healthy eaters. These muffins are really filling.

Author Rose Taylor offers 10 family favorite recipes in her cookbook Grama G's Top Ten Magnificent Muffin Recipes. Rose writes "This is my gram's collection of her most often made and loved by all muffins. You will find neatly tucked inside her cookbook recipes such as: Carrot Pineapple Muffins, Chocolate Chip Muffins, Cornmeal Muffins. There is an active table of contents making navigation easy. Recommend.

I am a muffin enthusiastic, where ever there is a muffin to bake I will try. These recipes are sound and they came out like a pro, just like on the cover of the book. I will recommend these recipe to anyone who want to bake muffins. Well balance recipes.

Super easy to make, tastes great. What more to say - easy - easy - easy. Recommend book highly, couple recipes had ingredients I had not combined before - to my surprise these turned out to be my faves - go for it !!!!

These are definitely muffin recipes to behold! Each and every one of them is unique and special. My personal favorite is the blueberry ones. They do not only taste delish, but they are also very easy to make. I can even bake a fresh batch every morning if I wanted to too. The enticing aroma of

blueberries also fills the house every time I bake them. It is very heartwarming as it reminds me of my happy childhoods days.
